

The 7 Point Pledge

Empowering young girls to embrace and love their natural hair no matter the length or texture.

I will *unify* with my other natural sisters and encourage them along their hair journey.

I will *define* beauty in ways that bring honor to my ancestors.

I will be *responsible* in learning to care for and maintain my natural hair in healthy ways.

I will *recognize* my economic strength and become more aware of how my hair care purchases impact my community.

I will continue to *challenge* images and perceptions of beauty, looking within myself and deciding for myself that my hair is beautiful no matter the length or texture.

I will use my *creativity* to style my hair and will not use wigs or weaves as a cover to mask insecurities or feelings of inadequacies.

I will *honor* the best of my cultural hair traditions, drawing upon the best within myself and affirming my self-worth with boldness and confidence.
